COMMUNITY NOTICE

TEMPORARY INTERRUPTION TO REFUSE COLLECTION SERVICE

Pikitup, the City of Johannesburg's waste management entity is experiencing unplanned work stoppages at 10 of its Depots – this will cause temporary interruptions to refuse collection service mainly for residents and business owners whose bins are serviced on a Monday.

We advise that affected areas whose waste is not picked up later this afternoon after 17h00, should take the bins back inside their yards and bring them out again tomorrow morning.

Pikitup apologises for any inconveniences which may be caused as a result of the interruption.
