These clean-ups will take place every Saturday and form part of the build up to World Environment Day.

A clean City is a great City!

This week's clean-up details are as follows:

TIME: 08h45 am
VENUE: DIEPSLOOT, JB Marks Hall,

Pikitup Officials will be available to elaborate on Pikitup's plans to attain its vision of becoming **the leading integrated waste management company in Africa.**

As City's custodian of waste management, we continue to build on the Clean City legacy, from turning Trash to Treasure, to now **Collecting New Possibilities** as our service delivery mandate.
