		cleaning and illegal dumping clearing.
--	--	--

It should be noted that Pikitup's landfill sites will be open during the holidays except on 25 December 2023.

Pikitup appeals to residents to refrain from giving Christmas gifts to its employees. Employees of Pikitup are not allowed to ask for gifts from residents because such acts have been used by criminals who pretended to be employees of the waste management company in the past to pursue their criminal activities. Residents have also complained to Pikitup, alleging that its employees were intimidating them and forcefully demanding Christmas gifts.
